

## COMBINED TRANSLUCENT SAFETY/ SECURITY/PRIVACY FILMS

**Opalux® Safety 150 Micron Matt White film is designed to make glass safer, both by strengthening it against breakage and helping hold dangerous shards of shattered glass in situations where breakage does occur, along with the benefit of two-way privacy.**

This combined safety/privacy product is suitable for use in applications in the workplace and home. Other benefits can include improved security by creating a deterrent to “smash-and-grab” and forced entry crime.

Where appropriate you will be connected to an Opalux® approved dealer who can discuss your requirements, visit site if necessary, and provide costings for the film installation.

Accurate selection of window films requires specialist knowledge, and it is recommended that specifiers contact the company at the specification stage +44 (0)845 026 1125 or email [solutions@opaluxwindowfilms.com](mailto:solutions@opaluxwindowfilms.com)

## COMBINED TRANSLUCENT SAFETY/ SECURITY/PRIVACY FILMS
