## Privacy & Decorative Film

### Blackout Removable - Internal

Code: TPA-01BKO-iRM

Opalux® TRADE Removable Blackout films are used to provide blackout and give two-way 24-hr privacy, particularly when required on a temporary basis. This film has a satin black finish and can be applied to most new or existing glass.

The Opalux TRADE Removable Blackout is a quick and easy solution for installations where all daylight and vision through needs to be controlled and will be applied to the glass on a short term basis.

It removes cleanly with no adhesive if removed within 6 months of installation. This product has been successfully

used where black is required and vision through needs to be prevented due to reasons such as temporary building work, office refurbishment or studio creation.

This removable blackout film offers 24-hr privacy and blocks out all daylight or artificial light through the window or lightbox, and is totally opaque.

Features	Benefits
<b>Easily Removable</b>	Cleanly removable within 6 months of installation leaving no or very little adhesive residue
