

PRIVACY & DECORATIVE FILM

Art Red

DE-43ARD-iSR

Opalux® Art Red is a class transparent coloured window film which is used to enhance the appearance of the glass, whilst still maintaining optical clarity.

Opalux® Art Red is typically used to colour the appearance of glass but where vision through is still desired. This product is designed to offer a uniform transparent colour. These films are commonly used in situations where personalisation is desired for example in windows, exhibition stands and as part of branding schemes.

FEATURES

- Good light transmission
- Quick, retro-fit installation
- Removable
- Incorporate with manifestations and graphics

BENEFITS

- Gives the glass a decorative appearance whilst maintaining transparency
- Ideal for installations where a low external reflection is desired
- Gives the option to remove, replace or update in the future
- Can be used to help satisfy Health & Safety requirements for large areas of uninterrupted glazing, such as glass partitions

NOTES

Test results are produced from film applied to 3mm clear single glass. Performance data is subject to change without prior notice. Accurate selection of window film requires specialist knowledge, and it is recommended that specifiers contact the company at the specification stage. Please refer to the Opalux® Product Warranty Form for the full terms of the Opalux® limited warranty. It is the users' responsibility to ensure the product is suitable for the intended use. The seller shall not be liable for any direct, indirect or consequential loss or damage howsoever arising.

SPECIFICATION

The privacy window film is to be Opalux® Art Red, as manufactured by Opalux® (www.opaluxwindowfilms.com). The film is to be installed to the interior surface of the glass, and the unique product roll numbers used are to be registered in accordance with the manufacturer's warranty procedure.
