

# Opalux® TRADE

## Privacy & Decorative Film

Fine Acid Etch - White - Internal  
Code: TPA902

**Opalux® TRADE translucent privacy screening films are used to give two-way privacy without seriously reducing the natural light level. These films have a finely textured matt finish, and are applied to new or existing glass.**

For both new build and refurbishment projects, Opalux® TRADE privacy screening films offer a cost effective and flexible alternative to traditional acid-etching, sandblasting or printing. These films allow freedom in the initial glass specification, with privacy being allocated later, when and where it is required, quickly and easily applied on site without removing the glass.

As well as adding a distinctive designer style to your office interior, this allows some through-vision for reception areas and meeting rooms, where total screening is not required, but a degree of privacy and a high light transmission are desirable.

Opalux® films can also be used to produce manifestation bands for large glazed areas.

Features	Benefits
High light transmission	Two-way privacy whilst maintaining abundant light levels
Quick, retro-fit installation	Introduce privacy when and where it is required; ideal for glazing in rooms with a change of use
Removable	Gives the option to remove, replace or update in the future
Incorporate manifestations	Can be used to help satisfy Health & Safety requirements for large areas of uninterrupted glazing, such as glass partitions

#### Specification:

The privacy & decorative window film is to be Opalux® TPA-902, as manufactured by Opalux® (www.opalux.co.uk). The film is to be installed to the interior surface of the glass, and the unique product roll numbers used are to be registered in accordance with the manufacturer's warranty procedure.

#### Notes:

Test results are produced from film applied to clear glass. Performance data is subject to change without prior notice. Accurate selection of window films requires specialist knowledge, and it is recommended that specifiers contact the company at the specification stage. Please refer to the Opalux® TRADE Product Warranty Form for the full terms and conditions of the Opalux® TRADE limited warranty. It is the users' responsibility to ensure the product is suitable for the intended use. The seller shall not be liable for any direct or consequential loss howsoever arising.
